VistaPrint

Permanent / Graphic Designer / Digital & Print / June 2005 - August 2009 / Lexington, MA
Designed marketing materials such as emails, web graphics, banner ads, direct mail, trade shows, and catalogs. Collaborated with clients and copywriters for effective campaigns. Defined brand attributes for diverse audiences. Participated in hiring and training new employees.

With over a decade of specialized experience in graphic design, spanning print, digital, and motion content, I have worked with notable brands such as **New Balance**, **Madison Square Garden TV Sports Network**, **VistaPrint** and **Rue La La**. Thriving in environments that nurture creativity and support professional development is where I excel.

After experiencing significant life events, including four relocations, three pregnancies, and the impact of the COVID-19 pandemic, I decided to take a career break to focus on caring for my family. During this period, I acquired valuable cross-cultural experiences while living in Germany. Currently, I am based in Massachusetts, having previously lived in Colorado and Texas.

I am eager to pick up where I left off in my career as a graphic designer. I have been actively developing my UI prototyping skills in Figma and learning more about Google's User Research Methods for UX.

With my educational background, diverse design experience, willingness to learn, and cross-cultural exposure, I can be a valuable asset to any team that values creativity and growth.
